Annual Update

Children and Youth Planning Table of Waterloo Region

2017 Annual Update

The Children and Youth Planning Table of Waterloo Region is a community-wide partnership of service providers, researchers, planning bodies and funders serving children, youth and families in our community.

Vision

Happy, healthy children and youth – today and tomorrow.

Mission

To collectively mobilize as one system for children and youth in Waterloo Region that relentlessly strives to maximize wellbeing throughout generations.

Shared Goals for Child and Youth Wellbeing in Waterloo Region

To achieve our vision we have developed six Shared Goals for Child and Youth Wellbeing. A great deal of energy and time has been dedicated to the development of the goals and into a shared measurement system that will monitor progress over time as we strive to reach our goals.

Why Screen Time?

HEALTHY KIDS
COMMUNITY CHALLENGE
WATERLOO REGION

CTV News Kitchener (October 18, 2017)

Most Canadian kids get too much screen time, not enough exercise: report

Global News (October 18, 2017)

Canadian kids not getting enough physical activity and too much screen time

The Globe and Mail (June 1, 2017)

How much is harmful?: New guidelines released on screen time for young children

CTV News (December 8, 2017)

Less sleep and higher BMIs more likely in kids who use screens before bedtime

Why Screen Time?

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

Too much screen time can affect:

1. **Early Development**
   - Linked to poor brain development, language development, and attention skills
2. **Physical Health**
   - Linked to lower levels of physical fitness, unhealthy weights, and cardio-metabolic disease
3. **Mental Wellbeing**
   - Can be linked to behavioral issues, lower self-esteem, and symptoms of depression, social isolation, and stress

Region of Waterloo Public Health · Cambridge Canada · Kitchener · The City of Waterloo · The Township of North Dumfries · Township of Wilmot · Township of Wellesley · Woolwich Township

Screen Time Recommendations

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

Age	Amount of Screen Time
Under 2 years	• No screen time is recommended
2 – 4 years	• No more than 1 hour per day (less is better)
5-17 years	• No more than 2 hours of recreational screen time per day (less is better)

Region of Waterloo PUBLIC HEALTH · CAMBRIDGE CANADA · KITCHENER · THE CITY OF Waterloo · The TOWNSHIP of NORTH DUMFRIES · TOWNSHIP OF WILMOT · TOWNSHIP OF WELLESLEY · WOOLWICH TOWNSHIP

Three Ways to Address Screen Time

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

1. Stay within the recommended screen time limits
2. Put screens away during important times of the day (i.e., sleep time, meal and snack time, family time, etc.)
3. Replace screen time with other activities (i.e., physical activity, social interactions, etc.)

Region of Waterloo Public Health · Cambridge Canada · Kitchener · The City of Waterloo · The Township of North Dumfries · Township of Wilmot · Township of Wellesley · Woolwich Township

What Are We Doing in the Community?

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

1. **Education and Awareness**
    - Power Off and Play! Challenge
2. **Live Theatre Performances**
3. **Recreational and Active Play Programming**
    - No-cost/low-cost physical activity programming
    - School Skate, Swim to Survive, Public Skating, Pop-Up Playgrounds, Huron Natural Area Field Trips

Region of Waterloo Public Health · Cambridge Canada · Kitchener · The City of Waterloo · The Township of North Dumfries · Township of Wilmot · Township of Wellesley · Woolwich Township

How Can You Be Involved?

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

- **Promote the Theme 4 Key Messages:**
    1. Stay within the recommended screen time limits
    2. Put screens away during important times of the day
    3. Replace screen time with other activities

Region of Waterloo PUBLIC HEALTH · CAMBRIDGE CANADA · KITCHENER · THE CITY OF Waterloo · The TOWNSHIP of NORTH DUMFRIES · TOWNSHIP OF WILMOT · TOWNSHIP OF WELLESLEY · WOOLWICH TOWNSHIP

How Can You Be Involved?

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

- **Apply for a Community Engagement Opportunity**
  - Submit an Action Plan Proposal to implement an educational, policy, and/or environmental support intervention that promotes the screen time recommendations and one or more of the following:
    - Physical activity;
    - Food skills development/healthy eating; and
    - Literacy

Region of Waterloo PUBLIC HEALTH · CAMBRIDGE CANADA · KITCHENER · THE CITY OF Waterloo · The TOWNSHIP of NORTH DUMFRIES · TOWNSHIP OF WILMOT · TOWNSHIP OF WELLESLEY · WOOLWICH TOWNSHIP

Considerations for Screen Time Interventions

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

Screen time reduction interventions are more likely to be successful if they:

1. Are part of a comprehensive approach
2. Integrate/support other healthy lifestyle components
3. Invite parents to be role models
4. Give children opportunities to choose how to replace screen time

Ideas to Get Started

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

Educational Support Strategies

- Adapt/purchase educational tools that promote physical and/or food literacy
- Create a family workshop on ways to reduce screen time
- Offer food skills classes and share messaging around powering off during meal time

Region of Waterloo PUBLIC HEALTH · CAMBRIDGE CANADA · KITCHENER · THE CITY OF Waterloo · The TOWNSHIP of NORTH DUMFRIES · TOWNSHIP OF WILMOT · TOWNSHIP OF WELLESLEY · WOOLWICH TOWNSHIP

Ideas to Get Started

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

Policy Support Strategies

- Advocate for policy that sets limits to screen time
- Support children and parents with developing family media plans
- Conduct research on improving the built environment to support active play

Ideas to Get Started

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

Environmental Support Strategies

- Purchase equipment/materials to expand or offer programming in the following areas:
  - Food Skills
  - Physical Literacy
  - Literacy
- Supply the materials for children to make their own Power Off and Play! activity kits
- Offer and promote a mix of non-screen games and activities

Process/Timeline

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

- **March 15th:** Submit action proposals/budget for Theme 4 by 4:30pm
- **March 22th:** Refined proposals submitted to Healthy Kids Community Challenge Steering Committee for approval
- **March 29th:** Final Theme 4 action proposals/budget submitted to Ministry of Health and Long-Term Care for approval

Region of Waterloo PUBLIC HEALTH · CAMBRIDGE CANADA · KITCHENER · THE CITY OF Waterloo · The TOWNSHIP of NORTH DUMFRIES · TOWNSHIP OF WILMOT · TOWNSHIP OF WELLESLEY · WOOLWICH TOWNSHIP

How Will You Promote the Theme 4 Key Messages?

HEALTHY KIDS COMMUNITY CHALLENGE WATERLOO REGION

1. Stay within the recommended screen time limits
2. Put screens away during important times of the day (i.e., sleep time, meal and snack time, family time, etc.)
3. Replace screen time with other activities (i.e., physical activity, social interactions, etc.)

Children's Planning Table: Conceptual Framework

Universal Path to Optimal Developmental Health of Child

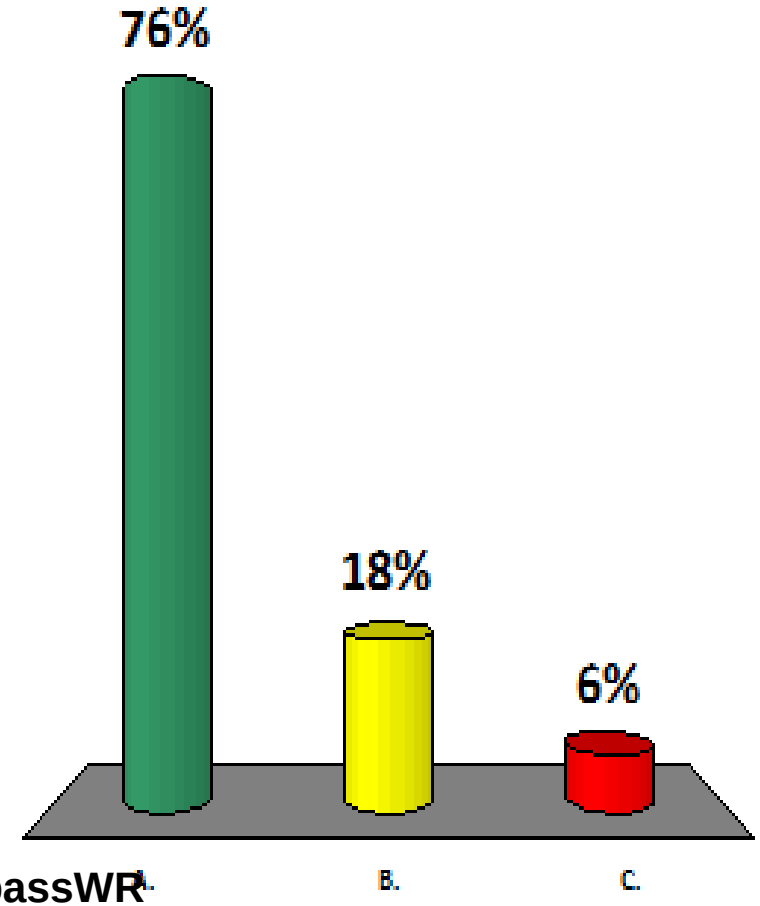
Universal Pathway	Pre-Access		Access		Service	
	Awareness of Optimal Health Characteristics	Ability to Create Healthy Environment	Know Who/Where to Access Universal Service(s)	Child/Family gets Connected to Universal Service(s)	Child/Family is Able to Participate in Universal Service(s) in a Timely Manner	Universal Service(s) Contributes Positively to Developmental Health of Child
What do families need to have?	• Awareness of developmental milestones • Awareness of healthy environments • Ability to see beyond basic survival needs of child and family	• Acknowledgement of the child and family's needs for positive experiences in the early years • Feeling of empowerment/ ability/motivation to act	• Knowledge of what phone number/ website/person to contact	• Information available in accessible formats • Ability to afford service • Ability to connect in a way that reduces/eliminates barriers	• Access to services that are available where, when and how they need them	• Ability to communicate and provide feedback about service(s) • Continued engagement in service experience
What do service providers need to have?	• Awareness of developmental milestones • Awareness of healthy environments • Awareness of the needs and barriers experienced by families • Awareness of the importance and impact of the Early Years	• Tools and resources that support healthy child development	• Awareness of universal services available • Willingness/ ability to navigate the system (targeted and universal)	• Lens of seeing and supporting families/children where they are at (person-centred)	• Appropriate communication mechanisms with families • Ability to provide effective programming • Creative problem solving for waitlist management and interim support across agencies	• Ability to collect client feedback on an on-going basis • Regular communication with families • Measurable outcomes to evaluate • Ability to use information from child/family to refine service
What does the system need to have?	• Outreach to priority populations • Natural touch points that serve as opportunities for screening	• Supports for those with barriers • Tools and resources to support development of policies and programs that support healthy child development • Ability to reach families at-risk	• Easily identifiable and accessible access point(s) (especially virtual and also physical) • Navigate-able system	• Universal access for all children • Diverse menu of options • Shared vision of seamless service delivery	• Supports for those with barriers • No/minimal wait list • Shared or flexible resources	• Consistent, high quality service throughout system • Ability to make service(s) available as long as child needs it • Shared outcomes and indicators/milestones

Consensus: Navigation

A. Agree (it has my support)

B. Agree with reservations (can live with it)

C. Disagree (cannot support)

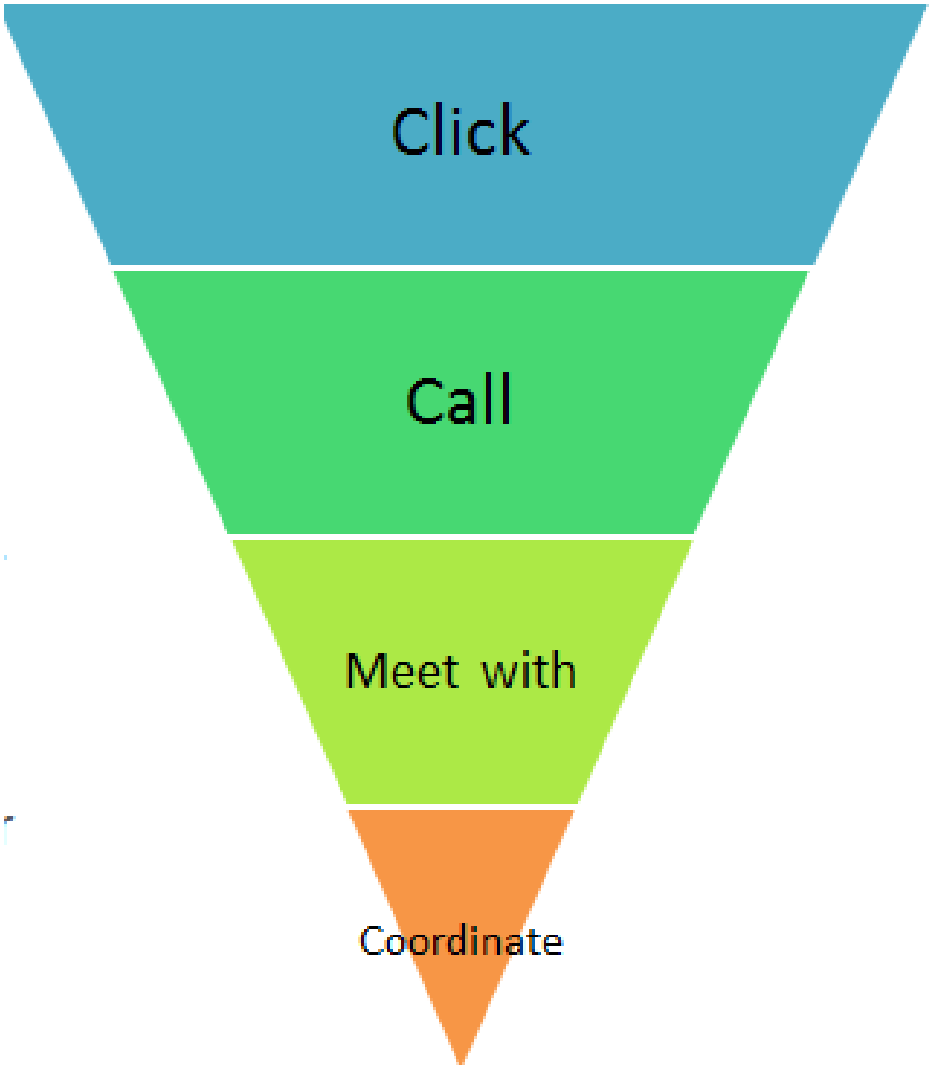


2014 –2015: Navigation Action Team

Our Task:

- To determine a step-by-step, detailed, concrete plan for implementing improvements to system navigation.
- Recommended to focus on one of three possible navigation models of support:
  - Virtual access point(s)
  - Physical access point(s)
  - Navigator supports

Various Levels of Navigation Support



An Opportunity for Further Collaboration

Recommendation

- To create an on-line starting point for families and service providers who want to know more about services for children/youth and/or have concerns about a child/ youth's development.

2015 – present: Virtual Access Team

Our Task:

- To create an easy to access, online, 'go to' starting point for families, youth & service providers looking for information on services related to children/youth, and/or who have questions about child development.
