

Creating an Effective Record for your Agency on the Community Information Database

The Search for Services door of Family Compass pulls from www.isearchmycommunity.ca – our local Community Information Database. To ensure families are able to access the most up-to-date information possible we are hoping you can take a moment to ensure your agency’s records are accurate.

Reviewing and updating your record is easy! Do so by following these steps:

1. Go to www.isearchmycommunity.ca and search your agency’s name:
